"For a number of years, the Greater Lincolnshire area has consistently experienced relatively low levels of central government financial support in comparison with other parts of England and Wales. The current funding formula does not recognise the issues faced by this area. It is essential that the Greater Lincolnshire Councils as a whole, adopt a proactive and co-ordinated approach to lobby for a fair share of government funding for the area and without detriment to any council. Although campaigns have operated in the past to engage government and a wide range of stakeholders to gain support for a better financial deal for public services in Greater Lincolnshire, with a new government now in place the time is considered right to re-engage with relevant stakeholders to lobby for appropriate funding for the Greater Lincolnshire area. North Hykeham Town Council agrees to collectively lobby government for a fairer funding deal for Greater Lincolnshire authorities and our statutory partners, in addition to our ongoing work to secure resources for the economy, infrastructure, housing and community projects in the town."
